

Optional Questions to Ask About the Congressional Plan to use Per Capita Caps for Medicaid

- Will Per Capita Caps change whether I am eligible for Family Care/IRIS/personal care/children's waiver supports/MAPP/BadgerCare/CCS/CSP or other Medicaid programs?
- Will the long-term care services (Family Care, IRIS, waivers) I need be cut?
- Will I still have the same medical benefits I have today or will they be cut or even eliminated?
- Will I still have the same mental health and substance use disorder benefits I have today or will they be cut or eliminated?
- My care plan is what I need to be independent. Will my plan be cut even if my needs don't change?
- Will I still be able to choose and keep my doctors? Will my doctor still take Medicaid patients?
- Will I still get supports in my home, or will I be forced into an institution or nursing facility?
- Will Wisconsin go back to waiting lists for Medicaid programs with lots of people unable to get needed help for years?
- Will Wisconsin eliminate services like personal care and prescription drugs to save money?
- When block grants reduce funding, will that mean my family or I will have to pick up more costs or go without care?
- Will my son/daughter continue to receive the support they need to get and keep a job?
- Will I have reliable access to Medicaid transportation services to get to work and appointments?
- Will I be able to hire the workers I need to keep me living independently in my own home?
