

Your Public Policy Priorities as of now (you can change later)

Your Name: _____

There are many possible issues or programs you could focus your energy on, including:

- A. Ensuring that Family Care works well for all people with disabilities.
- B. Ensuring IRIS really provides the level of self-direction that people want.
- C. Helping people move out of institutions.
- D. Increasing the number of people with disabilities who have real jobs (that they choose) with good pay in the community.
- E. Increasing access to supported living and reducing the use of traditional group homes.
- F. Increasing school inclusion and/or the overall quality of education for students with disabilities.
- G. Strengthening supports for families, which could include a focus on Birth-to-3, Family Support Program, and/or the Children's Waivers.

Are there one or two of these issues or program areas that you currently feel you want to work on? Which one?
